Academic Map
Bachelor of Arts – Art**

Updated 05/31/2018

Dear BA Art Major:

This academic map is a term-by-term sample course schedule. The milestones listed below each term are designed to keep you on course to graduate in four years. Sample schedules are provided as general guideline to help you build a full schedule each term. Courses must be selected with your academic advisor to satisfy all core and major curriculum, as well as meeting accreditation standards such as NASAD (National Association of Schools of Art and Design). The Art program within Valdosta State University is accredited by the NASAD. Students who complete the major in Art will graduate with a Bachelor of Arts degree.

The BA with a major in art may be an appropriate selection for a transfer student or a change of major. Students may be able to utilize some of those hours already completed. The BA degree is an appropriate degree choice for students who are interested in preparing for a variety of advanced specialized degree programs. Ultimately, the Bachelor of Arts degree with a major in art is an excellent choice for students who want to craft an interdisciplinary path in order to create unique perspectives into making, presenting, and engaging with visual culture. This degree may also be an appropriate selection for a transfer student or a change of major, as the interest that motivated the earlier course of study can be used to enhance this versatile degree.

This BA liberal arts degree with a major in art enables students to develop the range of knowledge, skills, and competencies expected of those holding a liberal arts baccalaureate degree in art. This degree differs from the Bachelor of Fine Arts degrees in that it allows the flexibility to design a comprehensive liberal arts curriculum that may include a minor outside of art. Candidates for this degree must meet all requirements set by the College of Humanities and Social Sciences and the College of the Arts, including a foreign language sequence (6 hours or 2 courses, see catalog requirements). In addition to the required art studio and art history requirements (57 total hours), the BA degree offers flexibility in course work with 6-18 hours of electives in art studio or art history and 6-18 hours in guided electives outside of art (6 of the hours outside of art must be comprised of course work at the 3000 or 4000 level). These two areas should total 24 hours of credit. This is a 120-hour degree program.
